Project: Save Planet Earth

Date: 17/03/20

Iteration: 9.0

Implementation Status:

1. TASKS AND CHALLENGES PAGE:

Tasks

Click the button below to generate a random task. Each task is worth one point!

Generate a random daily task

Challenges

- Plan a beach cleanup with 10 or more members
- Create an eco vegetable garden with 3 different produce in your backyard
- Carpool with others in the neighborhood
- Create an environmental protection and conservation poster
- Create a painting of your version of "Save Planet Earth"
- Recycle 20 pieces of garbage in the neighborhood

Select image: No file chosen

A random green task is generated for the user to complete when the button in blue is clicked. For example, the green task generated here is "Turn off light switches when not it use." This earns the user one point where the more difficult challenges are worth five points each. These challenges are validated by use of the uploading of before and after pictures in a form. (this is still ongoing).
